

National Clay Shooting Centre Bisley to Host **Registered Down the Line from 23rd July 2023**

The National Clay Shooting Centre (NCSC) is pleased to announce that it will continue the legacy of DTL competition shooting, as Bisley Gun Club prepares to leave in mid-July 2023. NCSC will continue to host regular registered DTL competitions primarily on the first and third Sunday of each month, ensuring a seamless transition for both members and non-members.

Recognising the valuable contribution of Bisley Gun Club and its Members, NCSC will honour this membership for the remainder of the year on production of a valid Bisley Gun Club Membership card. This will enable the holder to use NCSC facilities at members rates. This gesture aims to foster a sense of continuity and community for shooters who have been a part of the Bisley Gun Club and wish to continue DTL shooting at Bisley.

Looking ahead

NCSC is excited to present a line-up of events for the rest of the calendar year, starting from mid-July. The ranges are currently being refurbished and NCSC plan to have brand new equipment in place before commencement. As well as the registered events programmed for the remainder of the year, the intent is to run a welcome event for the old and the new members (date to be confirmed).

A Shooting community for over 100 years

While bidding farewell to the Bisley Gun Club, which has been key to the DTL community for 100 years, NCSC expresses gratitude for their contribution and wishes them well in their future endeavours. The departure of Bisley Gun Club marks the end of an era, but NCSC is committed to building upon their legacy and continuing to provide exceptional shooting experiences for all.

"We are honoured to welcome Bisley Gun Club members to the National Clay Shooting Centre and offer them membership for the remainder of the year. We are excited about the upcoming events and the opportunity to create a vibrant shooting community that thrives on team spirit and excellence."

Andrew Mercer – Director of the National Shooting Centre (NSC).
